Feature Stories That Will Be the Talk of Breakbulk Europe

EU ETS Goes Live: Impact on Carriers
How are breakbulk forwarders, carriers and shippers navigating the scheme in practice?

Energy Outlook
The energy market is at a pivotal crossroad, wondering where to invest and what big construction projects will clear investment hurdles given the direction of net zero.

Energy Project Opportunities Region by Region
EIC presents its analysis of what types of energy projects are coming down the pipeline.

Rebuilding Ukraine
Despite ongoing conflict, intrepid companies are powering ahead and project movers are pulling their weight

Big-time Digitalization
Breakbulk examines the logistics tools used for large moves with multiple stakeholders -what's working and what's not.

Profiles & Thought Leaders: The People Making Waves Across Our Industry

Ruedi Reisdorf [COVER]
Owner of Fracht in Switzerland, one of last independently owned, traditional forwarders with a global footprint.

Ruediger Fromm, Head of Logistics - Transmission High Voltage Grids, Siemens Energy Global

Jamilya Karajaeva, Logistics Manager, Petrofac

Hugo du Mez, Advisor - Strategy & Analysis, Port of Rotterdam Authority

Elisabeth Cosmatos, President, The Heavy Lift Group (THLG) and Managing Director, Cosmatos Group
